

**REMARKS**

Claims 1-18 were presented for examination in the present application and remain pending for consideration upon entry of the instant amendment. Applicants respectfully reserve the right to file a divisional application directed to the non-elected subject matter.

The Office Action requires restriction under PCT Rule 13.1 between the climate chamber of Group A (claims 1-11) and the climate control system of Group II (claims 12-18).

Applicants elect the invention of Group I, which includes claims 1-11. In addition, claims 12-18 have been amended to depend from claim 1 and, thus, are also believed to read on the elected invention of Group I.

In view of the above, it is respectfully submitted that claims 1-18 of the present application are in condition for examination. Applicants respectfully request favorable consideration and passage of this application to allowance.

If for any reason the Examiner feels that consultation with Applicants' attorney would be helpful in the advancement of the prosecution, the Examiner is invited to call the telephone number below.

Respectfully submitted,

September 12, 2008
